

COLONIAL SEAL COMPANY

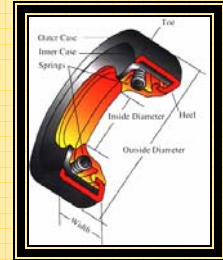

From standard metal encased oil and grease seals to rubber covered shaft seals ...

Colonial Seal Company has a rotary shaft seal for your application?

- We have an extensive list of standard and custom oil seals, grease seals and bearing seals designed for various applications and environments.
- A qualified list of global sourcing partners ensures we can offer a 20%-30% cost savings on standard profiles of brand name shaft seals.
- Our specialty is the replacement of obsolete or discontinued brand name rotary shaft oil and grease seals. We can cross-reference most major brand names including:
 - SKF / Chicago Rawhide
 - Garlock
 - National / Timken
 - Forsheda
 - Trelleborg / St Gobain
 - Parker
- Ability to supply custom large diameter rotary shaft seals to OEM specifications within days

Standard Profiles we can supply:

 <p>Fully rubber covered OD, single primary sealing lip with garter spring.</p>	 <p>Fully rubber covered OD, primary sealing lip without spring and secondary dust lip.</p>
 <p>Metal outer and inner case, single primary sealing lip with garter spring.</p>	 <p>Metal outer and inner case, primary sealing lip with garter spring and secondary dust lip.</p>

Benefits of Colonial Seal Company Standard Seals ...

- **No tooling charges:** our extensive range of tools ensures that you pay no tooling on standard profiles. Low tooling rates may applied to custom profiles
- **Global Sourcing:** provides you with the most competitive price. We can also supply approved country parts per DFAR 225.003
- **OEM Replacements:** gives you cost effective options to OEM parts that may be obsolete or discontinued
- **Custom Sizes:** from 0.25" shaft diameter upwards. We can supply rotary shaft seals to custom sizes.
